JOB DESCRIPTION

Role: Professional Salesperson / Business Development Person.

Reporting To: Technical Sales Manager.

Salary: £35,000.00 to £40,000.00 (dependent on experience level).

Job Purpose: Special responsibility for defining and implementing a business development and sales plan to promote the new range of industry leading products and services.

Knowledge, Skills and Abilities Required

- A degree qualification or equivalent and a minimum 5 years' experience.
- Outstanding track record of sales and business development within a technical arena.
- Be used to a consultative sell of a technical product or technology.
- Must be able to work unsupervised, be self-sufficient and able to prioritise workload.
- Demonstrable experience delivering exceptional customer service, sales growth and customer retention.
- Solid experience of selling technical solutions and services.
- Drive and ambition required to carry out autonomous function and to deliver key business targets.
- Strong commercial acumen and a consultative and honest approach to securing sales.
- Experience related to the rail industry is advantageous but not essential.
- Ability to communicate at all levels within an organisation.
- Excellent communication skills both written and verbal.
- Ability to sense industry trends and communicate these to colleagues in the business.
- Computer literate.
- Full driving licence a must.

Core Activities – developing Sales through:

- Ownership and delivery of agreed sales budgets and forecasts.
- Identify new business opportunities along with the maintenance and development of existing accounts.
- Increase company's sales and profitability.
- Ensure continuous improvement in level of knowledge and expertise in industry developments and convey this to colleagues.

General

- Any other ad-hoc duties for the needs of the business when necessary.
- To assist where required with other services.
- To ensure continued compliance with company quality, safety and environmental policies while undertaking all activities.

Benefits:

- Company Pension based on salary sacrifice.
- Annual bonus based on company performance (not guaranteed).
- Annual Salary Review (not guaranteed)
- 33 days paid leave (including bank holidays).
